Chapter 1 by Αϊκατερίνη

I won't forget the promises we exchanged
I close my eyes to affirm it
I will shake off the overwhelming darkness to move forward

When will I ever be able
To see the lost future from here again?

Let's move forward in this world
By shattering the overflowing shadows of anxiety again and again

Time now begins to tick away incessantly
Let's open the closed door
While carrying our unchanging feelings

My heart awakes in order to depict the future
Even if I come to a halt on a tough road
The beautiful blue sky always waits for me

Therefore I'm not afraid

I won't be disheartened anymore

In the world where everything was distorted
This only trustable place was my salvation

Our feelings will be stronger by sharing our joy and sorrow
If my voice can reach you
I'm sure miracle will happen

While I was wandering in the collapsed world
I came to you as if I was drawn to you.
Always look forward to tomorrow

Chapter 2 by Kat Hy

I won't forget the promises we exchanged
For our blood had mixed
Creating the bond that lasts forever

A promise
A wistful reminder of the future
A depressing essence of happiness
You can break the bond
You can break the friendship that was once
Full of loyalty and trust
That now, can not be restored

You stab me from behind
You don't stop there
You twist the knife inside of me
You don't stop there
You jeer me,
You tease me,
You break me

Our relationship of trust is beyond
